Leaf-Fat, T.W.T.

I see the pictures and the situations With my open mouth What is wrong with the world today The same is with the very next day

Dark creations, complications of lunitics The freedom is in their dirty hands

Crazy people with their minds of power Your rebellion is sweet & Damp; sour Tha faya is burnin' in the sky I say we must unite!

So go a...way! So go a...way!

So go away...

So go away and nothing will be different You will seek for your holly ground But you will reach the putting down This is the world today, t.w.t

The world today, i say don't wait for another day The world today, cos there's no other way The world today, breathe the air as long as you can As long as you can, as long as you can go!!!

Cos that's the way the cookie crumbles...

See each other at the end of that tunnel, baby !!!
