

LeAnn Rimes, Light The Fire Within

(We will light the fire within)
(We will light the fire, the fire within)

Have no fear
When darkness falls
'Cause there's a light that shines
Within us all
Although this world
Can turn so cold
When we reach inside
We find some warmth
'Cause there's a flame that burns
In every heart
It's the will we have
That lights the spark

Once in every lifetime
There's a chance to stand apart
We can show the world our very best
Reveal what's in our heart
So the story goes and glory
Never will end
Inspiration lights the fire within

And if we fall
We won't stay down
We will get back up
And use the strength we found
And we will rise
(And we will rise)
Like champions
(Like champions)
Every obstacle
We'll overcome

Once in every lifetime
There's a chance to stand apart
We can show the world our very best
Reveal what's in our heart
So the story goes and glory
Never will end
Inspiration lights the fire within

And if
We just stay strong
Then our hearts will move us on

Once in every lifetime
There's a chance to stand apart
We can show the world our very best
Reveal what's in our heart
So the story goes and glory
Never will end
Inspiration lights the fire
In each heart there burns desire
Inspiration lights the fire within
(Within)
(Each fire)
(The fire)
(Within)
We can find the fire within
(The fire)
(The fire)
The fire

(The fire)
(The fire)
(Within)
(Each fire)
(The fire)
The fire
(Within)
The fire
(Within)
(The fire)
(The fire)
(Within)
(The fire)
Within
