

LeAnn Rimes, Miss You Like Christmas

How long has it been
can't remember when
yeah, it's been awhile
years look good on you
but I expect them to
I sure missed that smile

Look you got me grinning
bet I'm blushing too
don't have to be a genius
to see the honest truth

I miss you like Christmas baby
that's just how it's been
there's that kind of message
like we were back when

Sure I've gone on since you baby
lost my heart a time or two
I miss you like Christmas baby
that's it, I just do

The leaves begin to change
the first frost is back again
all the cards and pumpkin pie
Jingle Bells, and Silent Night

And an all familiar end
I can't deny

I miss you like Christmas baby
that's just how it's been
there's that kind of message
like we were back when

Sure I've gone on since you baby
lost my heart a time or two
I miss you like Christmas baby
that's it, I just do

Ooh, I miss you like Christmas baby
that's it, ooh, I just do
