Sooooon

Sooooon

Sooooon

Soon, Soon, Soon, Soon, Soon, Soon, Soon, Soon, Soon, Soon, Soon

Soon Baby

I will cry my last tear

Soon yeah

I will be over you

Soon darlin'

All these tears wont be here

Soon yeah

You know that I will be over you

Soon

One night baby you wont be in my dreams

One night yeah

Ill finally make it through one night darlin'

I wont call out your name

I wont be in this place

I will be over you

Soon

Soon as the mountains turn into rivers

Soon as the sea turns into sand

Soon as the sun comes up at midnight

That's how Soon that

all the hurt will end

until then I'll just pretend

It will be over, over

I Keep telling myself I'll forget you

Someday Soon

Soon, soon

One night baby you wont be in my dreams

One night yeah

Ill finally make it through one night darlin'

I wont call out your name

I wont be in this place

I will be over you

Soon

Soon as the mountains turn into rivers

Soon as the sea turns into sand

Soon as the sun comes up at midnight

That's how Soon that

all the hurt will end

until then I'll just pretend

It will be over, over

I Keep telling myself I'll forget you

Someday

Soon Baby

I will cry my last tear

Soon soon

You know that I will be over you

Soon darlin'

I won't call out your name

I be in this pain

I will be over you

Soon
