

# Ledisi, Like This

Don't want to be with you  
You singing some one else's song  
And all the stuff you did before  
Before I came along, I'm not the one  
We can't be one like this  
I want to love you but I need us to be thinking the same  
And all the stuff you holding on to baby I'm not to blame  
I want to love, I want to love you like this

I want the best for us, I want us to win  
I can't keep this up, being like this

I can't love you like this, can't hold you like this  
When we argue like this, why we do this?  
I can't love you like this, why we going through this?  
All this uncomfortableness

Why we going through these changes? This is so messed up  
Do you remember what I told you when we first hooked up?  
I want to love you, I want to love you like this  
You had me thinking I was wrong for you, you know I'm right  
You know how good my loving is because you said last night  
I want to love you, I want to love you like this

I want the best for us, I want us to win  
I can't keep this up, being like this

I can't love you like this, can't hold you like this  
When we argue like this, why we do this?  
I can't love you like this, why we going through this?  
All this uncomfortableness

Why we keep going the wrong direction?  
I just want to give you love and affection  
Soft words kisses day and night,  
If you let me I'mma love you till the morning light  
All I want to do is love you like this  
We don't need to be going through this  
Oh I want to love ya, love ya

I get tired of arguing with you baby  
Just want to love you baby aye I give you everything you ask for from me,  
Why can't we just be together baby  
Aye just want to love you, Aye just want to be there for you baby  
Love you baby be there for you baby  
Aye just want to love you  
Like this.
