

Lee Ann Womack, Some Things I Know

There's some things I know to be true
Snow is white and the ocean is blue
Rain is wet when it falls from the sky
And the stars come out every night
And just as sure as the sun will rise
The love is real you see in my eyes
Plant a seed and it will grow
Some things I know
There's some things in life I need
Water to drink, air to breathe
A place to rest when I need sleep
When I'm hungry, food to eat
As sure as I need the Lord above
That's how much I need your love
I need shelter from the cold
Some things I know
There's some things in life I want
A house with a porch, trees out front
Someone to talk with, someone to hold
And walk with as we grow old
And I want all my dreams to come true
And I want them all with you
And I just had to tell you so
Some things I know
There's some things I know to be true
