

# Lee Ann Womack, There's More Where That Came

I had forgotten just what love felt like  
But in that motel room all my senses came to life  
Oh the passion in his touch  
I knew I could never get enough  
But the worse part of doing what I never should have done  
Is that I know  
There's more where that came from

In the darkness there's a distance  
As I lye here every night  
I beg the lord please won't you get this cheating off my mind  
Then he'll call to say that he sure had fun  
Just so I know  
There's more where that came from

My guilty conscience can't heal my heart's desire  
Just like a drop of rain can't put out a raging fire  
Oh, the price I'm paying now  
Is a secret that I'm forced to carry around  
But the worse part of doing what I never should have done  
Is that I know  
There's more where that came from

In the darkness there's a distance  
As I lye here every night  
I beg the lord please won't you get this cheating off my mind  
Then he'll call to say that he sure had fun  
Just so I know  
There's more where that came from
