

# Lee Ann Womack, Why They Call It Falling

It's like jumpin  
It's like leapin  
It's like walkin on the ceilin  
It's like floatin  
It's like flyin through the air  
It's like soarin  
It's like glidin  
It's a rocket ship you're ridin  
It's a feelin that can take you anywhere

So why they call it fallin  
Why they call it fallin  
Why they call it fallin  
I don't know

There was passion  
There was laughter  
The first mornin after  
I just couldn't get my feet to touch the ground  
Every time we were together  
We talked about forever  
I was certain it was Heaven we had found

So why they call it fallin  
Why they call it fallin  
Why they call it fallin  
I don't know

But you can't live your life  
Walkin in the clouds  
Sooner or later  
You have to come down

It's like a knife  
Through the heart  
When it all comes apart  
It's like someone takes a pin to your balloon  
It's a hole  
It's a cave  
It's kinda like a grave  
When he tells you that he's found somebody new

So why they call it fallin  
Why they call it fallin  
Why they call it fallin  
Now I know

Ooh, why they call it fallin  
Why they call it fallin  
Now I know
