

# Lee Greenwood, Proud To Be An American (Wtc

It's the time to show the world were strong  
We won't be terrorized  
Evil's not allowed to win  
When you've got heaven on your side

It's for the ones we've lost  
That we stand up strong today  
Cause the flag still stands for freedom  
and they won't take that away

And we're standing strong as americans  
Where we at least we know we're free  
And we won't forget the ones  
who died on that Tuesday morning

And we're going to stand up  
and see it through  
and defend her still today  
Cause we'll never fall when we all stand  
GOD BLESS THE USA

And we're standing strong as americans  
where we at least we know we're free  
And we won't forget the ones  
who died on that Tuesday morning

And we're going to stand up  
and see it through  
and defend her still today  
Cause we'll never fall when we all stand  
GOD BLESS THE USA
