

# Lee Greenwood, Touch And Go Crazy

We've been takin' turns starin' at each other all night  
Our eyes are sayin' things, our bodies just can't deny  
Now there's only one thing on my mind  
It's gettin' you in these arms of mine  
And once we touch baby don't you know  
It won't be touch and go

Chorus:

It's gonna be touch and go crazy  
It's gonna be touch and go out of our minds  
They'll be no holdin' back in the heat of the night  
When we finally touch, we're gonna ignite  
Oh baby, it's gonna be touch and go crazy

In this crowded room girl it's just too risky to dance  
'Cause once I'm holding you, this thing could get outta hand  
There's no controllin' feelings this strong  
We've gotta go where we're all alone  
'Cause once we touch baby we both know  
It won't be touch and go

Repeat Chorus

Interlude:

O it won't be touch and go

Repeat Chorus
