Right now you are only looking at my short skirt.
I see a change in the way you move to my song.
On top of this stage you see my face.
Again I catch my breath for a second.
yah yah yah yah yah yah yah
I'm wishing for you. Bit by bit change came.
You see my gazes. I'm gonna get ya
You are desiring me. You put trust in my dance.
I'm swaying you. I'm gonna get ya

Now you stop only looking at my bare shoulder.
You see me differently. You believe you see me. You stare at me.
On top of this stage you see my face.
Again I catch my breath for a second.
yah yah yah yah yah yah yah
I'm leaving you alone. Today, follow your heart.
I picked you. I'm gonna get ya
I'm leading you. Your heart follows mine.
You're shut inside me. I'm gonna get ya

What they say. Who or what has nothing to do with it. When you want me.
I'm wishing for you. Bit by bit change came.
You see my gazes. I'm gonna get ya
You are desiring me. You put trust in my dance.
I'm swaying you. I'm gonna get ya
I'm leaving you alone. Today, follow your heart.
I picked you. I'm gonna get ya

I'm leading you. Your heart follows mine.
You're shut inside me. I'm gonna get ya
