

Lee Roy Parnell, Squeeze Me In

Honey I know you got a good job
Your out there makin' all that dough
But they keep you late workin' that overtime
And I don't ever see you no more

I guess you're not checkin' your message machine
Seems like you're never in
I got a hunch if we could just do lunch
I could get your attention again

I know you got your schedule and you keepin' it tight
You got something going morning noon and night
But I got something I know you're gonna like
Honey can you squeeze me in

I got it circled in red on my calendar baby
You told me that tonight's the night
I got the champagne chilled got the gourmet meal
Soft music and candle light

I try to get to you on the phone I get stuck on hold
I guess you just keep gettin' sidetracked
I keep faxing you love notes all day long
But you don't ever fax me back

I know you got your schedule and you keepin' it tight...

Whoever said it's a man's world don't know what they're talkin' about
You got me workin' around the clock honey tryin' to figure you out
I know time is money but there's more to live honey
Than how much you can spend
You gotta make a little time for the good times
Honey can you squeeze me in

[piano]
Whoever said it's a man's world...
You gotta make a little time for the good times
Honey can you squeeze me in
