

# Lee Ryan, When I Think Of Love

You're my past, my future  
My all, my everything  
My six in the morning when the clock rings  
And I open up my eyes to a new day  
My laughs, my frowns  
My ups, my downs  
It's the feeling that you get  
When you know that something's true  
When I think of love, I think of you

Looking at you while you're sleeping here beside me  
Oh, neither words can explain the love I have inside  
In a moment it's a physical thing  
I know something like spiritual connection  
The feeling in my soul, heart of mine

The sweetest thing is what you are  
From you I'll never be too far,  
Please say forever you will stay beside me

You're my past, my future  
My all, my everything  
My six in the morning when the clock rings  
And I open up my eyes to a new day  
My laughs, my frowns  
My ups, my downs  
It's the feeling that you get  
When you know that something's true  
When I think of love, I think of you

You're beautiful like the colours of the rainbow  
Won't part it like the ray of the sun on a summer's day  
And all I gotta do is look into your eyes to lose myself  
But the substance of my dreams putted me a woman  
I only wanted you to call mine

The sweetest thing is what you are  
From you I'll never be too far  
Please say forever you will stay beside me

'Cause you're my past, my future  
My all, my everything  
My six in the morning when the clock rings  
And I open up my eyes to a new day  
My laughs, my frowns  
My ups, my downs  
It's the feeling that you get,  
When you know that something's true  
When I think of love, I think of you

Yeah, oh yeah

When I think of love I think of you  
Baby I love you and I need you, yeah

You're my past, my future  
My all, my everything  
My six in the morning when the clock rings  
And I open up my eyes to a new day  
My laughs, my frowns  
My ups, my downs  
It's the feeling that you get  
When you know that something's true  
When I think of love I think of you
