

# Lee Ryan, When I Think Of You

You're my past, my future,  
My all, my everything,  
My six in the morning when the clock rings  
and i open up my eyes to a new day  
My Laughs, my frowns  
My ups, My downs  
It's a feeling that you get when you know that something's true,  
When i think of love i think of you

Im looking at you while your sleeping here beside me,  
Oh, mere words can't explain the love i have inside  
It's more than just a physical thing, i know  
It's something like a spiritual connection  
I feel it in my soul heart and mind

The sweetest thing is what you are  
From you, I'll never be too far,  
Please say forever you will stay beside me

Your beautiful like the colours of the rainbow  
Warm heated like the rays of the sun on summer days  
All i got to do is look into your eyes to lose myself  
You're the substance of my dreams, epitome of women  
The only one i truly call mine

Oohh when i think of love i think of you  
Baby i love you, baby i need you.
