

Leela James, Good Time

Tonight is the night
We're gonna have a good time (2x)

Tonight I wanna party
Can't wait to hook up with my crew
I'm so happy it's the weekend
Cause I'm gonna let my head out
And shake my thang around

Deejay hear my groove cuz I'm really in the mood and you know just what to do
tonight is my night

Tonight is the night we're gonna have a good time
Let's just have a good time(2x)

Forget your worries just leave em behind
Cause life's too short
You need to find a good time
So (?) your booty on the dancefloor
What you came hear for, no parking on the floor(no no)

Deejay hear my groove cuz i'm really in the mood and you know just what to do
tonight is my night

Tonight is the night we're gonna have a good time
Let's just have a good time(2x)
