

# Lefty Frizzel, Lucky Arms

I can't get no money for my pockets I can't get into the swing of things  
But someone keeps my picture in her locket  
And she patches up the hole in my dreams  
Lucky arms I got the world in my arms I ain't got no money but I got honey  
Keep all your cash and spend it I'll still be intendent  
Cause I've got the world in my arms  
( piano - steel )  
Hey mister rainy skies dry your eyes so you can see my special girl  
My arms are full of country country sunshine  
And we're hurrying to the top of the world  
Oh lucky arms I got the world...
