

Legion Of Doom, Dottie In A Car Crash

One night doesn't mean the rest of my life
Come tomorrow I'll be on my way back home
In the morning call from a roadside telephone
One night doesn't mean the rest of my life
If I go it's not impossible but possible is probably wrong (Time to let this pass)
If I go it's not impossible (The time it takes, the time it takes to let go)
Time runs through our veins
(It starts and stops and starts and stops again)
We don't stand a chance in this threadbare time
(The time it takes, the time it takes to let go)
Time to let this pass
(The time it takes, the time it takes to let go)
Staring at the setting sun
No reason to come back again
The twilight world in blue and white
The needle and the damage done
I don't want to feel this way forever
A dead letter marked return to sender
If I go it's not impossible but possible is probably wrong (Time to let this pass)
If I go it's not impossible (The time it takes, the time it takes to let go)
Time runs through our veins
In a Crash
