

Legion Of The Damned, House Of Possession

Rugged mountain forests
A cabin lies alone
Unspeakable evil
Channeled from the unknown
Between stones and dying trees
Five come unaware
Pounding wood on wood
Hell's gates were opened here
Not dead they lie but dreaming
Slumber from Sumerian lands
The ancient sleep is broken
Through the book of the dead
Bound in human flesh
All nature be demented
Many died and more will follow
Gate of possession
Caught by the trees alive
She feels the piercing rod
Pain mingles with delight
Another soul lost for god
In eternal possession
They hear the devil's roar
Insane murderous frenzy
Until we have you all
Possessed will be the next
Axed to pieces was her fate
The others soon to follow
Dismember and decapitate
Gauging eyes, gushing blood
Nails mauling bloody limbs
Fear the swallowing jaws
And the dreadful howling winds
Kill her if you can
Trapped in a maze of madness
She suffers in eternal torment
Kill her if you can
Kill her if you can
Trapped in a maze of madness
Possessed by all that is evil
Kill her if you can
Possessed white eyes predict
One by one all will fall
Gnawing flesh, human flesh
Soul swallowed body in thrall
In eternal possession
They hear the devil's roar
Insane murderous frenzy
Until we have you all
Kill her if you can
Trapped in a maze of madness
She suffers in eternal torment
Kill her if you can
Gauging eyes, gushing blood
Nails mauling bloody limbs
Fear the swallowing jaws
And the dreadful howling winds
