

Leiahdorus, Wake

Wake up no one's home
looks like no one's home for the supper time
better pick up the phone
I know you're home

thinking back all those years
we wasted away with our tears
hoping one day you'll be here in my arms

and the radio plays our song...

Ashes, ashes we all down
sooner or later we all fall down
Ashes, ashes we all fall down...

Outside no sun shining
Outside no one playing our song
in the distance a wind is breathing
in the distance a wind is breathing your name

and every dream I have of you
it's so pure, yes it's so pure
and every tear I shed for you
they're crystal clear
yes they're crystal clear

Standing here all alone
hoping, wishing you'll hear my echo
and on, and on, and on, and on

Never apart we were the pair
Never apart we could not spare
just for an instance you were my Juliet

and the radio plays our song...

Outside no sun shining
Outside no one playing our song
in the distance an angel's breathing
in the distance I am screaming your name

And I'm the man who stands before you
who tells you you're not alone
no, you're not alone
and every tear I shed for you
they're crystal clear
yes they're crystal clear
