

# Leila K, Close Your Eyes

I got my angel  
Just by my side  
Colours of imagination  
Takes me on a ride  
Through time  
I descend to place that never ends  
Where no is an enemy and everyone is friends  
A rainbow floats like the wings of a dove  
Music is the flower in the dream I dream of  
Travel to fantasy's easy if you try  
Just wave your hands  
And close your eyes  
Just wave your hands  
And close your eyes

The man in the moon  
Said he's gone for a ride  
Singing na-na-na-na-na  
Children in the park  
With their hand held high  
Singing na-na-na-na-na  
A cute little baby  
With a beautiful smile  
Singing na-na-na-na-na  
Crazy old man  
With nothing to hide  
Singing na-na-na-na-na

Body and soul  
Together make the same song  
Music is the key  
So there's no right or wrong  
Up a seat  
The future in my dreams like a nemo  
Now I remember  
About the truth is in my memo  
Omega and alpha, beginning and the end  
Just make yourself a world and the world begins again  
Travel to fantasy's easy if you try  
Just wave your hands  
And close your eyes  
Just wave your hands  
And close your eyes

To lovers in the street  
Holding hearts inside  
Singing na-na-na-na-na  
Smile with the eyes  
And the lips for a while  
Singing na-na-na-na-na  
A guitars sound  
Hearing on the side  
Singing na-na-na-na-na  
And a little old lady  
Sitting down by fire  
Singing na-na-na-na-na

So now you know  
Travel to fantasy's easy if you try  
Just wave your hands  
And close your eyes  
As I said  
Just wave your hands  
And close your eyes

A cool cool wind  
Takes my voice so high  
Singing na-na-na-na-na  
All the love birds  
Flying high in the sky  
Singing na-na-na-na-na  
Now the sun's coming up  
And that's alright  
Singing na-na-na-na-na  
And we gonna be back  
When the feeling's alright  
Singing na-na-na-na-na  
Yeah we gonna be back  
When the feeling's alright  
Singing na-na-na-na-na  
Yeah we gonna be back  
When the feeling's alright  
Singing na-na-na-na-na  
Sure we gonna be back  
When the feeling's alright  
Singing na-na-na-na-na  
Sure  
We gonna be back  
When the feeling's alright
