

# Lemar, I Don't Mind That

I seen this girl  
She works at the store on my block  
Pretty little girl so hot  
Feeling her for a minute cos she's got wot I want  
She looks so good  
Her smile hypnotises me  
She's the finest thing I've ever seen  
I cud see her with somebody like me  
So complete

But wot  
Wot if I told her how I feel  
Wud she believe that I'm for real  
Wot if this is just a crush  
On a girl that I don't know  
Wot if she's just a fantasy  
Maybe she's not the one for me  
Think I oughta let it be  
Yeah

[Chorus]  
I don't know her name or where she's from  
She got me trippin like she's the one  
She will never know just how I feel  
But I don't mind that  
Just wanna feel her lips on me  
Show her that love that she's feelin me  
But I know that its not meant to be  
I don't mind that  
I'm hooked

I'm saying if she got that look  
I feel just like an open book  
And its crazy how she got me shook  
Like this  
I just freeze  
When I see you walking down the street  
Wid the body I just cant believe  
Neva try to make her notice me  
Before

Cos wot  
Wot if she's too hot to impress  
Wot if its something I regret  
Think I oughta let it be

[Chorus]  
Tomorrow's gonna be the day  
I know she closes work at eight  
And I'll be there  
Braided hair  
Think I'll bring 12 roses  
Finally I ask her name  
And maybe we cud go out someday  
Well there's a chance you cud turn me away but  
I don't mind that

[Chorus x2]

Oh  
Said I don't, said I don't, said I don't  
Oh
