

# Lena Philipsson, Talking In Your Sleep

na na na na na na  
na na na na na na  
na na na na na na  
I don't know if I can take it  
Watchin' you slip away  
I still hope that we make it  
Every night I cry, and there's a reason why  
Some one else is on your mind  
You've been talking, talking in your sleep  
You've been dreaming while I weep  
You've been talking, talking in your sleep  
Telling me there's secrets you should keep  
Fells like everytime you hold me  
Someone's there there in between  
Still I let your love blindfold me  
What kind of fool am I  
Knowing you make me cry  
When we face another day  
You've been talking, talking in your sleep  
You've been dreaming while I weep  
You've been talking, talking in your sleep  
Telling me there's secrets you should keep  
Telling me there's secrets you should keep  
Baby, you've been talking in your sleep  
I can't help wondering who she is  
cause maybe I will find, that she's a friend of mine  
Idon't know what to say or do  
I can't stand the though of loosing you  
na na na na na na  
na na na na na na  
Talking, talking in your sleep  
You've been talking, talking in your sleep  
You've been dreaming while I weep  
You've been talking, talking in your sleep  
Telling me there's secrets you should keep
