

# Lena, Wild & Free

What if all the chips were down  
And you feel you've hit the ground  
And truth is to be found  
There's a place where we can go  
When the time has come we know  
It's engraved inside our soul  
Here's to being braver  
Here's to better days  
We are standing stronger

Let's go  
We are who we wanna be  
Running wild & free, yeah  
Let's go  
We are more than powerful  
It's all possible

All the horses shake the dead  
Throw the dust back to the earth  
A change is coming soon  
And the new days gonna rise  
And the sun will kiss the sky  
Then the stars shine with the moon

Here's to being braver  
Here's to better days and  
We are standing stronger

Let's go  
We are who we wanna be  
Running wild & free, yeah  
Let's go  
We are more than powerful  
It's all possible  
Wild and free, yeah /3x

We are the lion heart and  
We are not afraid  
We can be a burning light  
And we will never fade  
/2x

Let's go  
We are who we wanna be  
Running wild & free, yeah  
Let's go  
We are more than powerful  
It's all possible  
Wild and free, yeah /3x
