

Leng Tch'e, Mosh of the Clowns

[lyrics : Isaac]

Well, will you look at those nerds, try to be as cool as possible
so busy with their image, don't you see you're ridiculous?

More schmink, less brains, more image, less soul
more show, less thoughts, more money, less music
At night in their rooms they pray to the Lord:
"Satan fuck me now!"

Yeah, you're very evil, but don't you look a little gay?
The wave of make-up and idiots, it's getting worse and worse
New metal, black metal put on corpse paint
the mosh of the clowns
