

Leng Tch'e, The Scheme

(lyrics : Sven)

Welcome to your perfect scheme
your profit empire found on fashion fake rules
backstabbing as long as you get your share
as long as the cash is there you just don't care

Put your bullshit records
up your money stinking hole
the empire si falling,
the scheme turns into joke

Fashion is changing
time for another trend
time for you to fuck off
and eat your own shit

it was the perfect scheme
'till you dropped your own believes
now you're only crud
face your farce and taste the dirt
