

# Lennon, Asking You

Walk down that hall, tak me to that room  
shut the door and close the lights too  
Turn down that radio, take off the TV  
Sit me down and speak real softly  
I'll pay my attentions to things you don't say  
I'll turn them this way and  
I'll turn them the other way

(Chorus)

And I'm asking you is this how you want me (to go on)  
To be anything you want me to be  
And I'm asking you is this how you see me  
Some little girl kissing your cheek

As the sun begins to rise, it cuts through the glass  
And it burns my flesh with every lash  
I look at myself as others see myself  
And I don't understand how this is myself  
Walk down that hall, take me to that room  
Shut the door and close those lights too

(Chorus)

(Bridge)

Im walking down the stairs to leave  
And out of the dark her eyes catch me

(Chorus)
