

Lennon, Goodbye

VERSE:

It's 6:30 in the morning and the neighbors walking his dog
I'm trying to wipe the sleep out of my eyes
I don't need your permission, the door's already open
So you call every day to see if I'm alright
How did you become the man who made a woman of this child
Ssh, I already have your excuses on hand

CHORUS:

You look at me like you expect to see
Something there that use to be
Hello, goodbye I'm leaving you now
Oh, who's that there no that's not me
Don't come up and try to take me
I'm getting over our hello with my goodbye
I'm saying

VERSE:

It's 3:30 in the morning and I'm deciding to let this die
As I'm trying to take the pain out of my life
My orders were given and this case has been closed
So where are the calls to see if I'm alright
You are not a man but a devil in disguise
Hush, it's not worth listening anymore

CHORUS:

You look at me like you expect to see
Something there that use to be
Hello, goodbye I'm leaving you now
Oh, who's that there no that's not me
Don't come up and try to take me
I'm getting over our hello with my goodbye
I'm saying goodbye
