

Lenny Kravitz, 5 More Days 'Til Summer

I've worked in this factory far too long
can't remember when I last had
some time to breathe and be on my own
and to do things just for a laugh
to be clown, to paint the town
where the sunshine can heal my bones
in 5 more days I'll be on my own way
than my fantasies well unfold

cause there are 5 More Days 'Til Summer
take me away
there are 5 More Days 'Til Summer
5 More Days 'Til Summer
5 More Days 'Til Summer
take me away
