

# Lenny Kravitz, All I Ever Wanted

Baby can't keep on running  
All I want you to do is to feel with me yeah  
We both are hurting  
And It's gonna take a little time  
To heal all the wounds and save our family

All I ever wanted, all I ever needed  
All I ever wanted was love  
Remember kissing in the moonlight?  
How we held each other all night  
All I ever wanted was love

Darling darling darling  
Don't you want to feel good inside?  
It seems I've forgotten how it feels to be  
Look up to the stars  
And ask the heavens  
To show you the truth  
So that you can be free, you know

All I ever wanted, all I ever needed  
All I ever wanted was love  
Remember kissing in the moonlight?  
How we held each other all night  
All I ever wanted was love

Tell me what's the answer?  
It's gotten so cloudy I just can't see, oh  
But you got your life and I got mine  
Are we even?  
When I know I want you  
And baby you want me, ooohhh ahoh

All I ever wanted, all I ever needed  
All I ever wanted was love  
Remember kissing in the moonlight?  
How we held each other all night  
All I ever wanted was love  
Yeah yeah yeah yeah yeah

All I ever wanted, all I ever needed  
All I ever wanted was love  
Remember kissing in the moonlight?  
How we held each other all night  
All I ever wanted was love  
yeah yeah yeah.  
Wanted, needed, all I ever wanted was love
