

Lenny Kravitz, Let's Get High

Let's go out
On an ocean ride
Leave all your cares
And the past behind
Let's venture out
To a deserted isle
Let's get in touch
With what is alive

Ohhh I love you
Ohhh it's wonderful
Ohhh it's magical
Let's get high
Let's get high
Let's get high
High on this feeling of love

Let's go out
On an ocean ride
We'll tell no one
We'll just go and hide
Just spread your wings
And go with the tide
Let our love be our one desire

Ohhh I love you
Ohhh it's wonderful
Ohhh it's magical
Let's get high
Let's get high
Let's get high
High on this feeling of love

Ohhh I love you
Ohhh it's wonderful
Ohhh it's magical
Let's get high
Let's get high
Let's get high
High on this feeling of love
