

# Lenny Kravitz, Will You Marry Me

want to do this thing  
I don't want no drama mama  
It's love I bring

Wait a minute  
You're out of sight  
Girl I wanna give it to you  
Let's make it right

You are my life and my passion  
That never goes out of fashion  
I want to know  
Will you marry me  
Hey baby  
Will you wear my ring  
You're a queen and I've been waiting  
To be a king  
Baby, baby  
Let's keep it tight  
If you want to get right to it  
Could be tonight  
You are my life and my passion  
That never goes out of fashion  
I want to know  
Will you marry me  
Oh  
Come on baby  
Keep it tight  
I know its right  
I wanna have you always in my life  
Hit it  
Oh yeah  
No I like that  
Do that one more time

You are my life and my passion  
That never goes out of fashion  
I want to know  
Will you marry me  
You are my favourite attraction  
You give me real satisfaction  
I want to know  
Will you marry me

You are my life and my passion  
That never goes out of fashion  
I want to know will you marry me
