

Leo Sayer, Suki's Missing

let me tell you 'bout a girl I knew a rollin' stone
the sort of girl you give your lifetime to
but you never could find her
suki's missing -- she's not at home
suki's missing -- address unknown
on the paper there were fifteen words
saying suki's gone
a scribbled line to whom it may concern
saying suki's missing -- told a lie or two
suki's missing -- didn't leave a clue
missing missing missing
I call on missing persons
leave your number you'll be called
help me operator 'cos I'm going up the wall
suki's missing -- missing
I got to get that chinese girl
