

Leona Lewis, Fire Under My Feet

I got fire under my feet
And I feel it in my heartbeat
You can't put out all these flames
You can't keep me down in my seat
I got fire under my feet
And I feel it in my heartbeat
You can get out of this place
If you can't take the heat
Fire!

I tripped and I stumbled
Watch my world crumble
Sometimes you get hurt
You leaving your world
Don't fight with the lions
The tiger is in ...
But now I'm bog input!

I got fire under my feet
And I feel it in my heartbeat
You can't put out all these flames
You can't keep me down in my seat
I got fire under my feet
And I feel it in my heartbeat
You can get out of this place
If you can't take the heat
Fire

Was drowning in quicksand
My body grab my hand
Don't ...
Instead I'm stay free
Moving onto the bigger things
I began to spread my wings
No longer in chain
I'm dancing all over this place

I got fire under my feet
And I feel it in my heartbeat
You can't put out all these flames
You can't keep me down in my seat
I got fire under my feet
And I feel it in my heartbeat
You can get out of this place
If you can't take the heat
Fire

This may not be, not be perfect
But I'm happy
And I'm worth it
Every tear shed
Will be worth it
Step by step
Have no regret

I got fire under my feet
And I feel it in my heartbeat
You can't put out all these flames
You can't keep me down in my seat
I got fire under my feet
And I feel it in my heartbeat
You can get out of this place
If you can't take the heat
Fire
