

Leona Lewis, Stay

Hmmmmmm oooooohhh
Whooooohooooo
Hmmmmmm
Im feeling so alone
Cant get this off my mind
Cause now that you are gone
Time still aint piceous (?) by
Just one moment
Just one second
Change, our lives
Wanna feel you
Come back to me
I cant go on
Why dont you stay
Dont walk away
I want you here
Why dont you stay
Make it okay
Is this so wrong
Yeaahhhh
Its on me, meeee
Remember how it was
I used to make you smile
When we were so in love
But only for a while
Started fighting
Pushed you away
And I, regret that hmmm
But Im changing
Want you back now
Give this a chance
(2x)
Why dont you stay
Dont walk away
I want you here
Why dont you stay
Make it okay
Is this so wrong
Why dont you
Just come back to me (you you)
Just come back to me
Just come back to me
Just come back.
Just come back to me
Just come back to me
Just come back to me
Just come back to me
Just come back to me
(Why dont you stay) just come back to me
