

Leonard Cohen, Traveling Light

I'm travelling light
It's au revoir
My once so bright
My fallen star
I'm running late
They'll close the bar
I used to play one mean guitar
I guess I'm just somebody who
Has given up on the me and you
I'm not alone
I've met a few
Traveling light like we used to do

Good night /2x
My fallen star
I guess you're right
You always are
I know you right
About the blues
You live some life
You'd never choose
I'm just a fool
A dreamer who forget to dream of the me and you
I'm not alone
I've met a few
Traveling light like we used to do

I'm travelling light
It's au revoir
My once so bright
My fallen star
I'm running late
They'll close the bar
I used to play one mean guitar
I guess I'm just somebody who
Has given up on the me and you
I'm not alone
I've met a few
Traveling light like we used to do

But if the road leads back to you
Must I forget the things I knew
When I was friends with one or two
Traveling light like we used to do
I'm traveling light
