

Leslie Phillips, You're The Same

(chorus)

You're the same forever

Yesterday and today, You will love me this way

'Cus your heart never changes

(repeat)

Feelings like the desert sands

Shift with the whispers of the wind

First I feel so far from You

Then You seem so near again

(repeat chorus)

Months of heartache, weeks of joy

Days that are somewhere in between

You're the timeless hope I hold

In a world of fading dreams

(bridge)

Jesus, Your power

To work in our lives remains the same

You are mighty, You are mighty

(repeat bridge)

(repeat chorus)
