

Less Than Jake, Mostly Memories

I can't seem to recognize, either side of this modern version or fading person i was, i tried to memorize dates and times of old accidents and the failed attempts now, i'm still afraid of those mistakes i've made. i'm mostly memories, most missed opportunities, mostly minor tragedies, i'm mostly you and me. i'm mostly memories, mostly missed opportunities, mostly abnormalities, i'm mostly you and me, and you and you and me. i can't seem to recognize, either side of my conversations or contemplations i've done, i've tried to memorize the truth and lies, of the facts and fictions and the half truth admissions i've done. i'm still afraid of those mistakes i've made. i'm mostly memories, mostly missed opportunities, mostly minor tragedies, i'm mostly you and me. i'm mostly memories, mostly missed opportunities, mostly abnormalities, i'm mostly you and me, and you and you and me. out of luck and had enough out of trust and out of touch, out of time i'm hanging up i'm mostly memories, mostly missed opportunities, mostly minor tragedies, i'm mostly you and me. i'm mostly memories, mostly missed opportunities, mostly abnormalities, i'm mostly you and me, and you and you and me.
