

Letter Kills, Don't Believe

You know it's sick,
to think that you would know that I
I could save you,
cause I can't save.
G-g-g-g-g-got to get it right
Let's make sure this time that tonight,
I could save you,
or I could break you.
Don't believe in me,
Don't believe in me,
cause I will let you down, cause I will let you
Don't believe in me,
Don't believe in me,
cause I will let you down, cause I will let you
This is about, this is about to show,
how much I love you,
If you'll let me show.
G-g-g-g-g-got to get it right
Let's make sure this time that tonight,
I could save you,
or I could break you.
Don't believe in me,
Don't believe in me,
cause I will let you down, cause I will let you
Don't believe in me,
Don't believe in me,
cause I will let you down, cause I will let you
Watch out!
Huh Huh Huh Huh Huh Huh!
Play that song.
Play it loud.
Don't believe in me,
Don't believe in me,
cause I will let you down, cause I will let you
Don't believe in me,
Don't believe in me,
cause I will let you down, cause I will let you
Don't believe in me,
Don't believe in me,
cause I will let you down, cause I will let you
