

# Letters To Cleo, Jennifer

Started out with defeat.

Everyone was asleep.

And now you know that it's time to make up your mind like me.

Now I'm not one to complain but you're driving me insane.

And now you know that it's time to make up your mind like me.

Jennifer, Jennifer, Jennifer,

Open up your door.

If there could be last bliss;

well here's the one you missed

and now you know that it's time to make up your mind like me. Jennifer...
