

# Letters To Cleo, Sparklegirl

A good girl always knows what's right  
Don't forget your keys now  
don't be late

I'm told that if you last the night  
they'll make you drown or float  
just wait  
be more like a fire than a firefly  
cuz that's the best way to be happy

sparklegirl  
it's clear there's an awful lot to fear  
that so up  
and I won't try to slow you down  
but I gotta get there first  
or be buried

it's not like us  
to say we told you so  
it's no like life  
to be that fair

sparklegirl it's clear  
there's an awful lot to fear  
that's so up

sparklegirl it's clear  
there's an awful lot to fear  
that's so up

and i won't try to slow you down  
but i've gotta get there first  
or be buried
