

# Level 42, A Pharaoh's Dream (Of Endless Time)

Last night I dreamt that Ra was holding up a mirror  
To my heart but all was darkness so I prayed to all the Gods that I might see  
And as they showed me my mortality the Hidden-one  
Revealed himself in voice alone and spoke in condescending tones to me  
"You are the Pharaoh you will journey through the after-life  
And HE-WHO-LOOKS-BEHIND will ask the questions you must answer to be free"  
Osiris weigh my soul and let me pass beyond so I may  
Row the boat of Ra and be as one with all the Gods that set me free
