

Level 42, Eyes Waterfalling

Let me out to play
Let me find a way - to be
Let me feel the sun
Life has just begun for me
Eyes waterfalling, a world full of tears
Eyes waterfalling, but nobody hears
Laughter all around
It's lonely looking down - from here
Fuel my shallow pride
And teach me how to hide my fear
Eyes waterfalling, a world full of tears
Eyes waterfalling, but nobody hears
They've got control of my life
I can't break away
They've shaped my destiny
No use the boy in me
I go to join my friend
He'll bring me joy again
Eyes waterfalling, a world full of tears
Eyes waterfalling, but nobody hears
I lost control in the night
And drifted away
Eyes waterfalling, a world full of tears
Eyes waterfalling, but nobody hears
