

# Lexington Bridge feat. Snoop Dogg, Real Man

The chicks on high stilettos  
Lets get some steam in the kettle  
DJ's droppin' them bangers  
Nobody's checkin' your manners  
Just give me one hot tune, just give me one hot tune  
If I step to you  
will you let me through  
Can I get next to you  
Show you somethin' new ?  
DJ's droppin' the bangers  
I aint't checkin' your manners  
Lets go crazy bananas  
with these americana's  
Wanna make a move  
But I take it slow  
first it is time to prove  
Who can take control  
Girls are high on stilettos  
Get some steam in the kettle  
We don't care  
We let it go  
'till we take it home  
You dont need a boyfriend  
You need a real man  
spare you the melodramatic  
baby, I can  
You dont need a boyfriend  
You need a real man  
(real man, real man, real man, real man)  
For the weekend (4x)  
We both know the game  
But I ain't try to play  
I wanna make a change  
Take you far away  
with some physical action  
Feel her body's reaction  
Give you pure satisfaction  
Can I take you home  
You dont need a boyfriend  
You need a real man  
spare you the melodramatic  
baby, I can  
You dont need a boyfriend  
You need a real man  
(real man, real man, real man, real man)  
For the weekend (4x)  
The chicks on high stilettos  
Lets get some steam in the kettle  
DJ's droppin' them bangers  
Nobody's checkin' your manners  
Just give me one hot tune, just give me one hot tune  
With some physical action  
Feel her body's reaction  
Give you pure satisfaction  
Can I take you home  
I'll show you one real man  
I'll show you one real man  
(2x)  
You dont need a boyfriend  
You need a real man  
spare you the melodramatic  
baby, I can  
You dont need a boyfriend  
You need a real man

(real man, real man, real man, real man)
