

# Lexington Bridge, Kick Back

Baby let me be the first to mention  
That I'm glad to in my life  
You're the sunshine after the rain  
I wanna give you all of my attention  
I wanna give it to your need  
Be all that I can be

'Cause you are so beautiful  
And you are a miracle  
Always got my back, wherever I am met  
Back If I'm high or feeling low  
But tonight it's all 'bout you  
Let me set the mood  
I wanna make your body glow  
Hold you tight and make it slow

So kick back, baby relax  
Let me take off your shoes  
Oh girl I'm gonna do you right  
'Cause baby tonight's your night  
So kick back, baby relax  
That's what I gonna do  
Oh baby gonna love you right  
To the early morn'

Baby let's take you to the shower  
Let me soap your body down  
There's nothing that I won't do  
You know deep down how much love ya (love ya)  
Let me tell you here and now  
My feet can touch the ground

'Cause you are so beautiful  
And you are a miracle  
Always got my back, wherever I am met  
If I'm high or feeling low  
But tonight it's all 'bout you  
Let me set the mood  
I wanna make your body glow  
Hold you tight and make take it slow

So kick back, baby relax  
Let me take off your shoes  
Oh girl I'm gonna do you right  
'Cause baby tonight's your night  
So kick back, baby relax  
That's what I gonna do  
Oh baby gonna love you right  
To the early morn'

I wanna take my time nice and slow  
Promises that I've busy turn the lights down low  
Set to the scene with candles, disconnect the phone  
Baby no interruption, gotta stand the zone  
Kiss your neck and work it down to your feet  
And work it back all over your body  
To?? some beat  
Girl I ain't go (stop), gotta hit your (spot)  
There's nothing that I won't do

'Cause tonight it's all 'bout you  
Let me set the mood  
I wanna make your body glow  
Hold you tight and take it slow

So kick back, baby relax  
Let me take off your shoes  
Oh girl I'm gonna do you right  
'Cause baby tonight's your night  
Lyric So kick back, baby relax  
That's what I gonna do  
Oh baby gonna love you right  
To the early morn'

So kick back, baby relax  
Let me take off your shoes  
Oh girl I'm gonna do you right  
'Cause baby tonight's your night  
So kick back, baby relax  
That's what I gonna do  
Oh baby gonna love you right  
Bridge To the early morn'
