Bang bang you're so fine
Bump and grind you blow my mind
I like when you vibrate
I like when you vibrate
Bang bang you're so fine
Bump and grind you blow my mind
I like when you shake your ass
I like when you shake your ass
Act like this shake your last night
I love the way you shake it ass right
It's got the shape I love
I just wanna kiss and hug it
Rub it in moisterize
Girl you're such an appetizer
Wax in wax off yo, wax in wax off
Now vibrate, vibrate
Now vibrate, vibrate
