

# LFO, Gravity

I feel gravity, holdin me down  
Keepin my feet on the ground every time your around  
I feel gravity  
And I don't know what to do  
I keep on runnin from you

Put me on the cover of rollin stone  
Pat me on the back when I come back home  
Tell me things that I like to hear  
I hold back, but you still come near  
Say you care, and you won't let go  
I'm in a world that I just don't know  
Give me things that I need to fill me  
Tell me that this gravity won't kill me

And you don't have to cry for me  
And you don't have to lie for me  
This whole blue sky is falling down on me  
I feel gravity, holdin me down  
Keepin my feet on the ground every time your around  
I feel gravity  
And I don't know what to do  
I keep on runnin from you

Full of dreams can't come up short  
Drivin down south is my last resource  
Let me shine on mtv  
Say your proud and happy for me  
Look in my eyes, guess how I feel  
Cause now-a-days life's so surreal

Give me things that I need to fill me  
Tell me that this gravity won't kill me

And you don't have to cry for me  
And you don't have to lie for me  
This whole blue sky is falling down on me  
I feel gravity, holdin me down  
Keepin my feet on the ground every time your around  
I feel gravity  
And I don't know what to do  
I keep on runnin from you

I feel gravity, holdin me down  
Keepin my feet on the ground every time your around  
I feel gravity  
And I don't know what to do  
I keep on runnin from you

I feel gravity, holdin me down  
Keepin my feet on the ground every time your around  
I feel gravity  
And I don't know what to do  
I keep on runnin from you

I feel gravity, holdin me down  
Keepin my feet on the ground every time your around  
I feel gravity  
And I don't know what to do  
I keep on runnin from you
