

Liam Payne, Stack It Up (feat. A Boohie Wit Da Hoodie)

don't wanna go broke when i die
wanna be living it up in VIP
trying to get in the club
they want to see I.D.
want me to wear nice shows and a tie

I've been working and getting by
but that ain't enough to satisfy
cause I got dreams for you and i
so I got money on my mind

so If you wanna stack it up
man you gotta work for it
nobody's gonna be doing it for ya
I got dreams and I got time
but that ain't enough to get me by
so I stack it up and I gotta work for it
I got money on my mind
I've got money on my mind

I wanna flex like doe
but right how my car needs the mot
and I can give the guy a tip
but like him
I got dreams and they're big

tried to be a better guy
but the bread enough to satisfy
I got dreams for you and i
I got money on my mind

so if you wanna stack it up
man, you gotta work for it
ain't nobody's gonna be doing it for ya
I got dreams and I got time
but that ain't enough to get me by
so I stack it up and I gotta work for it
I got money on my mind
I got money on my mind

[A Boohie Wit Da Hoodie:]
I know shit don't come free
you gotta work for it
Lamborghini Urus – bought it when I first saw it
she caught me creeping
I had to buy her a purse for it
I think if I ain't have money
I'd be the worst for her
and If I ain't hve money
I woulda been lost her
the loudest ones was the brokest, I was a shit-talker
the loudest ones was the brokest, and I was struggling
girls called me friend
now they on me
that money coomin' in
St. Laurent fiend, I put it in Louis luggages
took her to Celine, bought her a couple luggages
wasn't always sweet, Capri Suns for 50 cents
now I just hate to reminiscence

so if you wanna stack it up
man, you gotta work for it
ain't nobody's gonna be doing it for ya
I got dreams and I got time

but that ain't enough to get me by
so I stack it up and I gotta work for it
I got money on my mind
I got money on my mind
