

Liberty X, Doin' It

(kevin)

Hey you what you tryin to do
Saw you walking over and before i knew you were
movin' that body and there was no way to resist (no-o-oh)

(tony)

And this is so close, close enough to taste
But outta reach,
Just enough to keep my appetite in place
You musta got me hooked, cuz i never ever felt like this (no-no-no)

(kevin)

What'you say that we lose control, and let our inhibitions go
Seize the moment, we both know it
Feels so right

(ALL)chorus

It's the way that you move
Its the way that you tease
Its the way that you know how to turn up the heat
You're doin' it(oh you no you're really doin' it)

(kevin)

You're doin it

(ALL)

Oh I'm thirsty for you every night, every day
got a hunger inside and it won't go away
You're doin' it(oh you know you're really doin' it)

(kevin)

You're doin it

(Kelli)

Oh my, i just can't deny
My imagination's running over-time
Something about you has really got a hold of me, yeah

(Jessica)

Let's play no guessing games,

This is it

Let's admit,

That we're drawn to the flame

So lets get it on tonight

We'll take it all the way-ay

(kelli)

ooh-ooh-ooh

What'd'you say that we lose control

And let our inner visions go

Seize the moment

We both know it,

Feels so right

(ALL)chorus

(doin' it, doin'it, doin' it, dont you know that you're doin' it, doin' it,
doin' it, dont you know that you're doin' it, doin' it, doin' it, dont you
know that you're doin' it, doin' it, doin'it dont you know that you're
doin' it doin' it doin' it, dont you know that you're.....

(kevin)

Feeling is so right

What'd'you say that we lose control and

(michelle)

let our ihibitions go

(kevin)

Seize the moment

We both know it

(Michelle)

Feels so right

(all)

Doin' it doin' it (to chorus)

(ALL)chorus to fade
