

Liberty X, It Helps

C'mon

Took a walk today
With my troubles
Trying to give them all away
And I passed you by
Gave me piece of mind
That I saw so many needing you
That I couldn't seem to fight

And I can't figure out
What it's all about
In my head
And I can't find my way
When I need escape
To throw it all away

And it doesn't make it right
It doesn't make it better
But it helps
And it doesn't change a life
It doesn't make it easier
And though it doesn't mean a lies gonna last forever
But for awhile it helps

Walked the other way
In the silence
I think I'm running out of faith
Cos my reason takes me to a safer place
And I need a little comfort
So I turn to you again

And I can't figure out
What it's all about
In my head
And I can't find my way
When I need escape
To throw it all away

And it doesn't make it right
It doesn't make it better
But it helps
And it doesn't change a life
It doesn't make it easier
And though it doesn't mean a lies gonna last forever
But for awhile it helps

And it doesn't make it right
It doesn't make it better
But it helps
And it doesn't change a life
It doesn't make it easier
And though it doesn't mean a lies gonna last forever
But for awhile it helps
