

Liberty X, Saturday

I can't wait
I can't wait

tired of working
tired of thinking don't wanna read no books
I can't believe i'm sitting here at home
waiting for the weekend to come

Now here's some excitement i put on my and go out with my and look
There's something at the other side of town
i've gotta find a place where i get down

The bass is pumping music's playing all night long (all night long)
hey Mr dj wont you play my favourite song
so i can feel the beat and to it all night on
so why don't u turn the music up and put it on (oh yeah)

chorus:

Can't wait till saturday i just wanna party and i just wanna play
call me on friday we can have some fun and just get away
Can't wait till saturday i just wanna party and i just wanna play
call me on friday gotta move my body

wish i could go out every night and slip in away past two
i can't believe there's so much work to do
i guess i've worked the whole way through

dressing myself up to get my groove on
tomorrow's gonna be a great night out
i can't wait to hit the clubs and just hang out (OH YEAH)

The bass is pumping music's playing all night long (all night long)
hey Mr dj wont you play my favourite song
so i can feel the beat and to it all night on
so why don't u turn the music up and put it on

CHORUS TWICE

CALL ME OOH I JUST WANNA PARTY AND I JUST WANNA PLAY
CALL ME OOH WE CAN HAVE SOME FUN AND JUST GET A WAY WAY

CHORUS 4 TIMES

CAN'T WAIT TILL SATURDAY I JUST WANNA PARTY AND I JUST WANNA PLAY
CALL ME ON FRIDAY GOTTA MOVE MY BODY
